GRADE: 8.52/10.00 (EXCELLENT)  
Thesis on neuroinformatics, emotion-recognition & ECoG Signal  
Supervisor: [Nikos Laskaris](#)
- 2014 Summer School Course  
"Introduction to Cognitive Neuroscience: From Molecule to Behaviour"  
**Radboud University Nijmegen**, Netherlands
- 2010 High School Degree  
**Hellenic College** - Thessaloniki, Greece  
19.5/20 (SCHOLARSHIP AWARDED)

## AWARDS

---

- DEC 2015 | Electronic Services for the Development and Dissemination of Open Source Software  
by [GFOSS \(GREEK FREE / OPEN SOURCE SOFTWARE SOCIETY\)](#)  
Feature development for the 2D animation software [Synfig Studio](#).

## SEMINAR TALKS

---

- NOV 2017 | [Donders Discussions](#), Netherlands  
Invited speaker, Meta-analysis in Cognitive Neuroscience (related to my MSc Thesis topic).

## COMPUTER SKILLS

---

### PROGRAMMING LANGUAGES, TOOLS & PLATFORMS

C/C++ • MATLAB • Java • Python • R • Prolog • Android SDK  
HTML • PHP • CSS • JavaScript • MySQL • XML • Git  
Windows • UNIX-like operating systems • Android Platform

### OTHER

Data Analysis & Visualization Python Libraries  
 $\LaTeX$  • GLUT and OpenGL Utility Libraries  
Autodesk Maya • Blender • Photoshop • Audacity

## LANGUAGES

---

GREEK	ENGLISH	FRENCH
Mother tongue	Fluent (ADVANCED CAMBRIDGE WITH A, IELTS with 8.0/9.0)	Basic Knowledge (Delf B2)

## VOLUNTEERING

---

OCT 2015- AUG 2017	<b>Cognitive Neuroscience Journal</b> , Nijmegen Webmaster of the CNS Journal.
OCT 2014	<b>WISE Conference</b> , Thessaloniki Supporting the facilitation of the annual conference, organised this year by AUTH.
MAY 2014	<b>TEDxThessaloniki</b> , Thessaloniki Assistance before and during the day of the local TED Event. Skills developed: resourcefulness, flexibility. The <b>bottom line</b> of my experience: Human capacity for creativity is astonishing.
APR-JUN 2013	<b>AIeSEC</b> , Thessaloniki Promotion of student internships via online presence, as well as via face to face meetings. Finding ways and helping young people to get involved and fulfil their leadership potential. Skills developed: public relations, social media, persuasion, presentation skills.
AUG 2011	<b>ELIX</b> , Andros People from countries all over the world with one common goal: to bring to life the historical paths of the Greek island "Andros" and to remind to inhabitants and tourists that sometimes culture is hidden in the woods...Skills developed: better insight of cultures seemingly different, working under adverse circumstances.

## WORK EXPERIENCE

---

AUG 2015- AUG 2017	Marketing Assistant <b>Radboud International Office</b> Blogger in <a href="#">Weblog:experiences of international students</a> , Member of the marketing campaign team of Radboud University.
JULY 2014- MAR 2016	Research Web Developer <b>European Commission @ Informatics Lab (AUTH)</b> Developing and maintaining the "Central Testing Platform" for the e-CODEX project. The web platform helps newcomers to the project, or countries already involved, to build their systems according to the latest standards and software updates, debug errors they may encounter and validate the interoperability of their system. Implementation of testing procedures, which, if passed successfully, enable the countries involved to be considered as pilots, so that their systems can now be used by litigants for the facilitation of an actual legal case. Skills involved: Web development (full stack), Unix administration and database administration. Attention to detail, adaptability, taking initiatives and meeting deadlines are essential for the tasks.
NOV 2011- FEV 2012	Computer Programming Intern <b>Information Technology Centre (AUTH)</b> Providing technical support to the members of Aristotle University and being a member of its administrative function(database management - PHP scripting). I became familiar with php, MySQL, Apache server(xampp), jasperReports. Skills developed: communication, the ability to acquire new knowledge in a short amount of time.
